

FINAL PROJECT • 6APSI

Revive Pilates Studio

Full-stack booking app

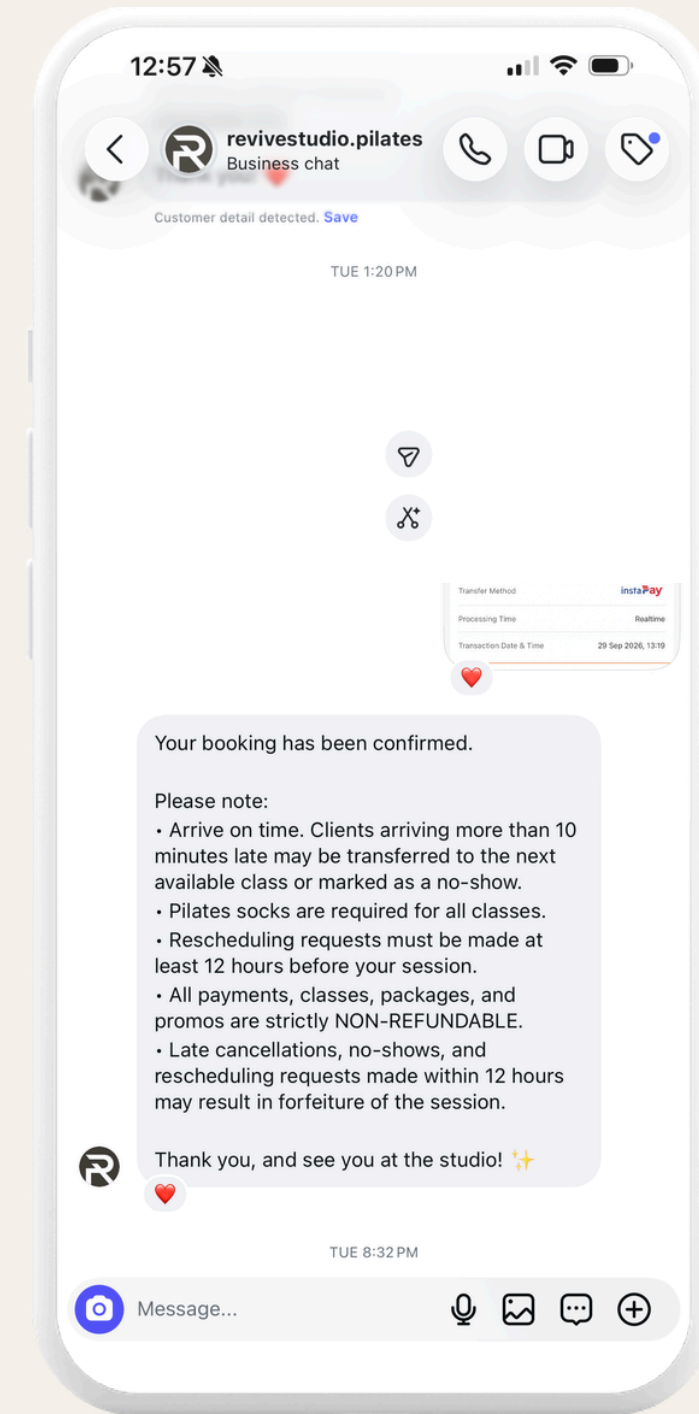

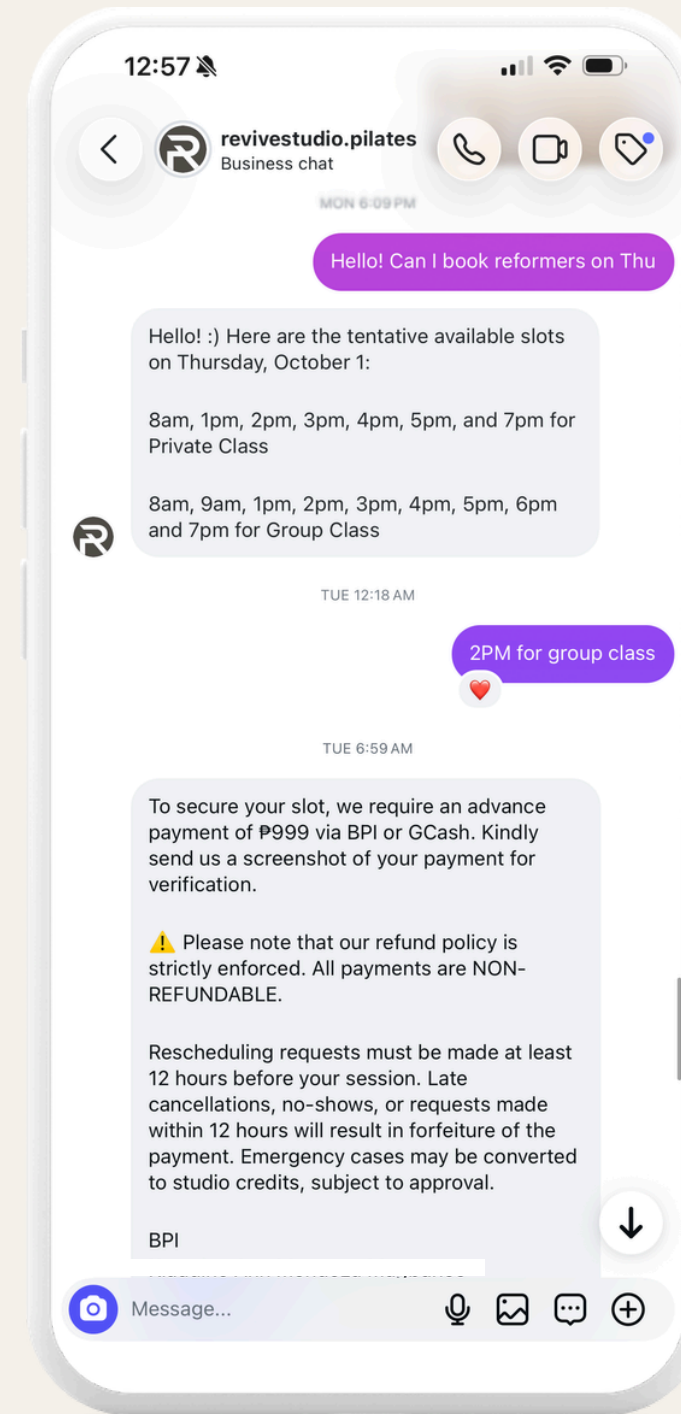

Graciella Mhervie D. Jimenez
6APSI

BEFORE

The Problem

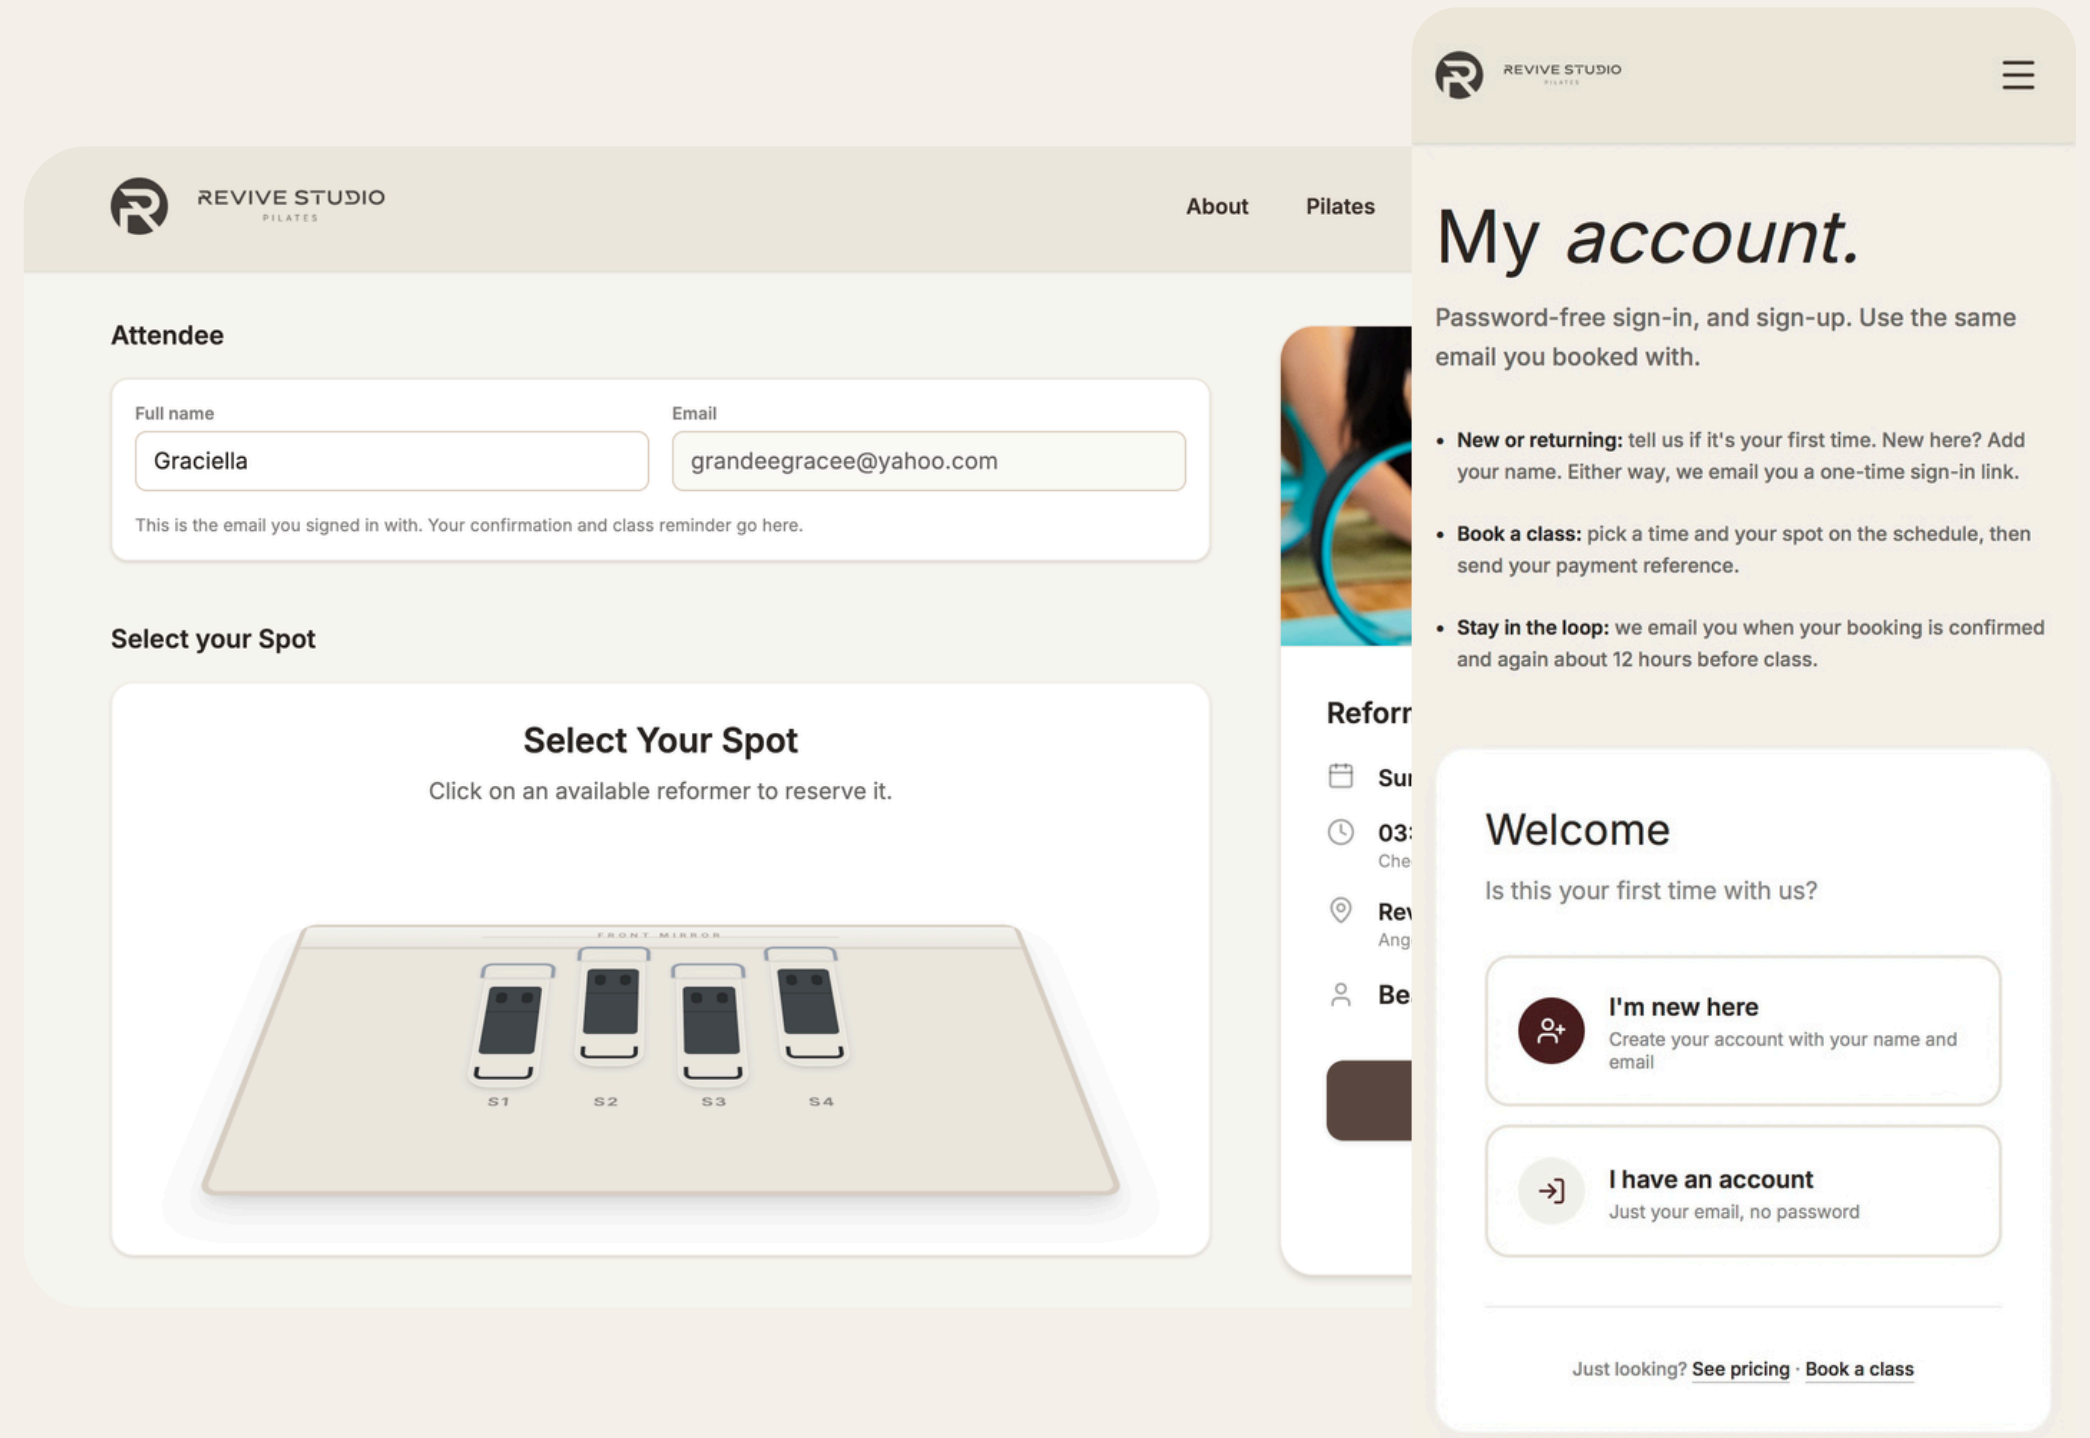

- Bookings via chat
- GCash payments matched by hand
- Two branches, messy schedules

CLIENTS

The Solution

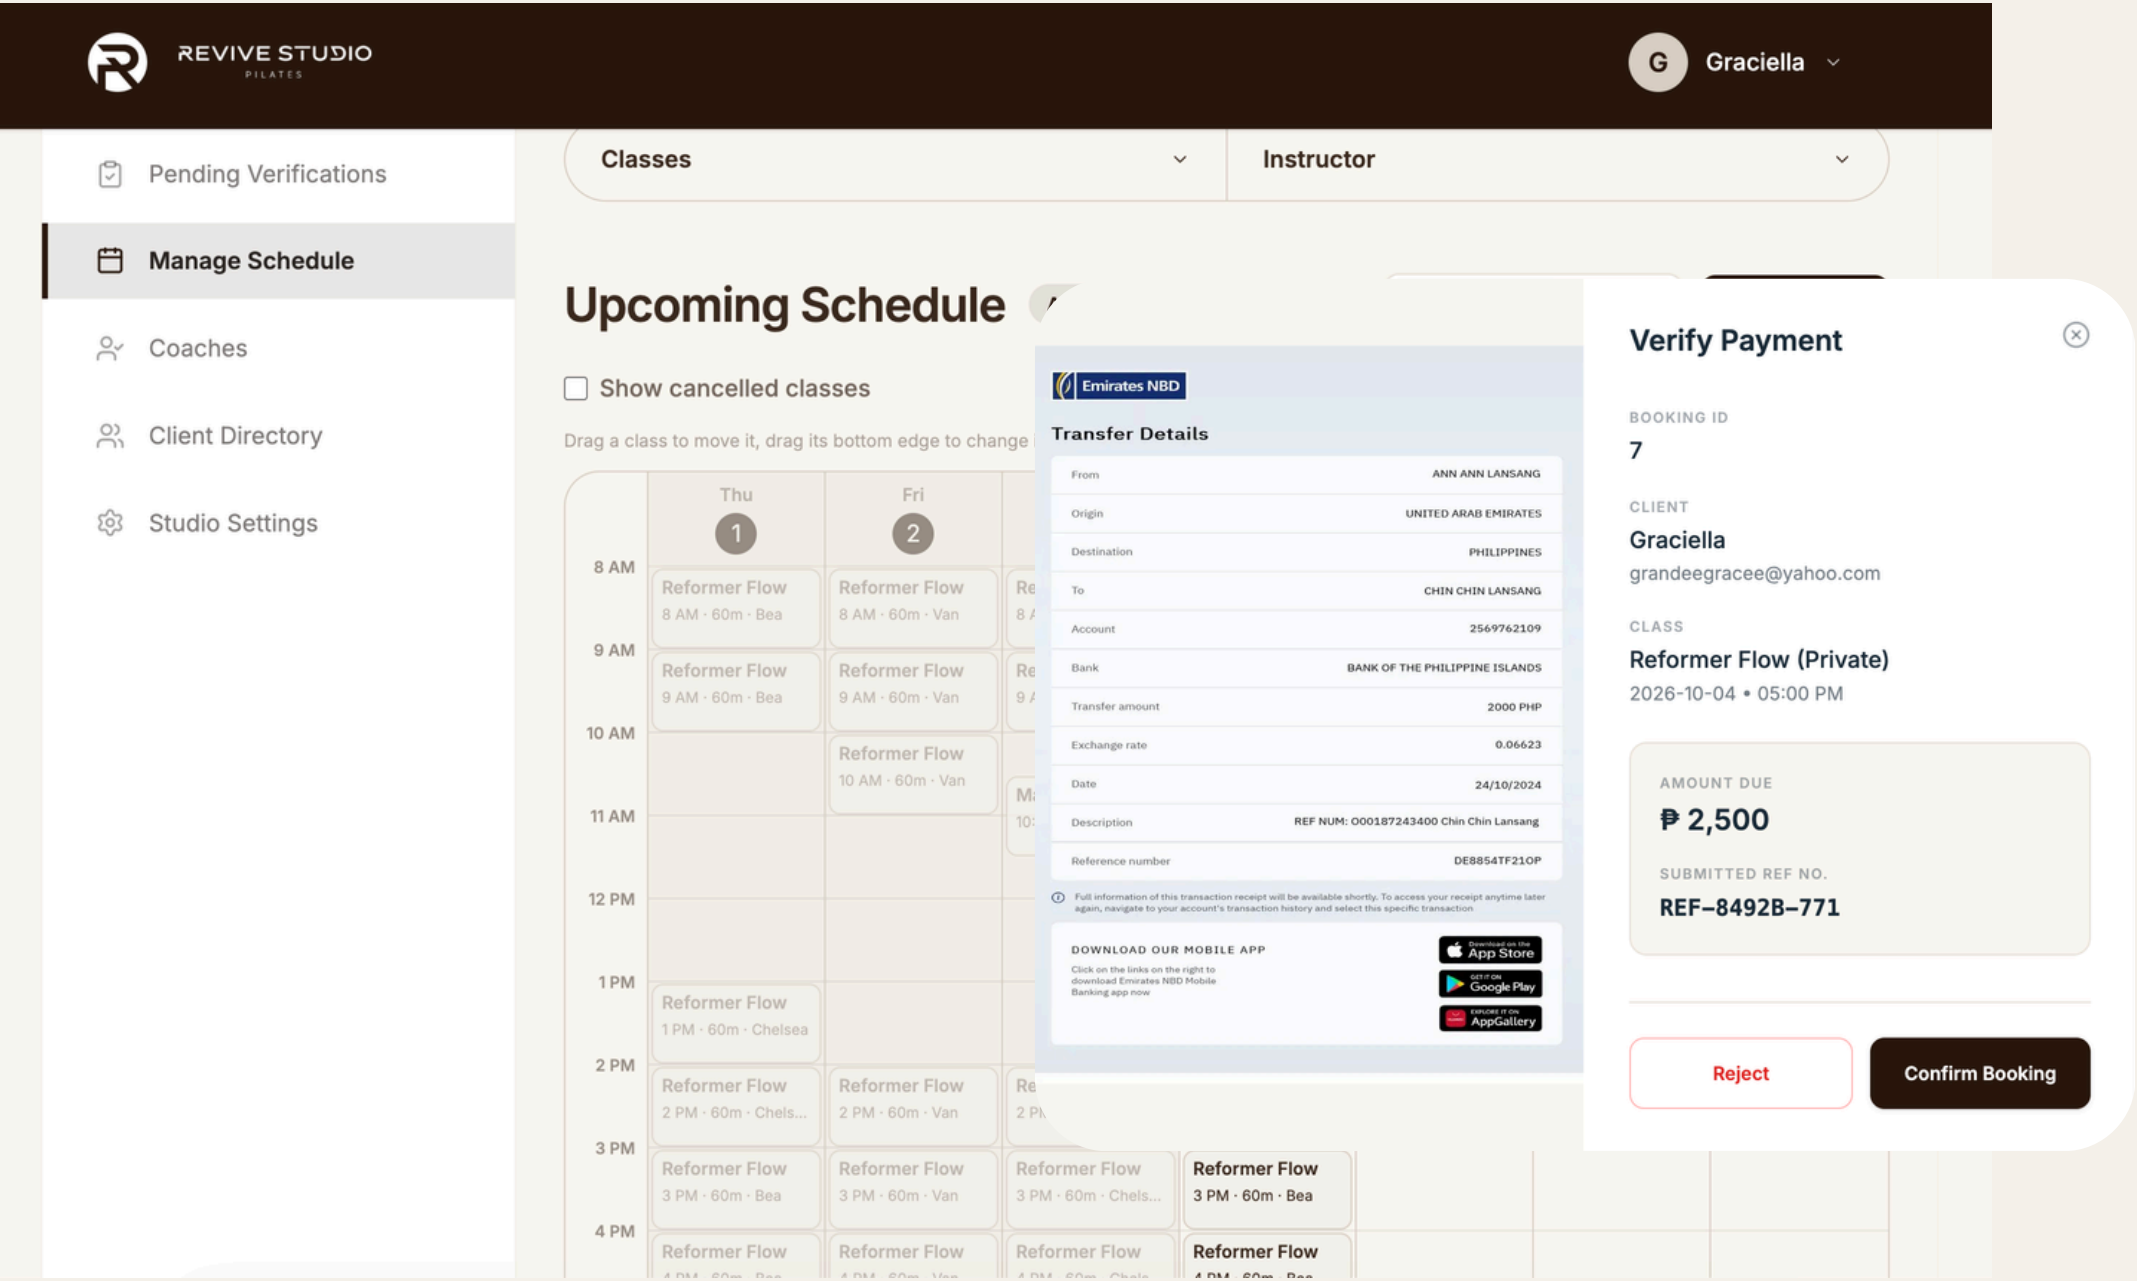

- Branded website
- Visual spot picker: reformer / mat
- Magic link sign-in
- Package credits

STUDIO OWNER

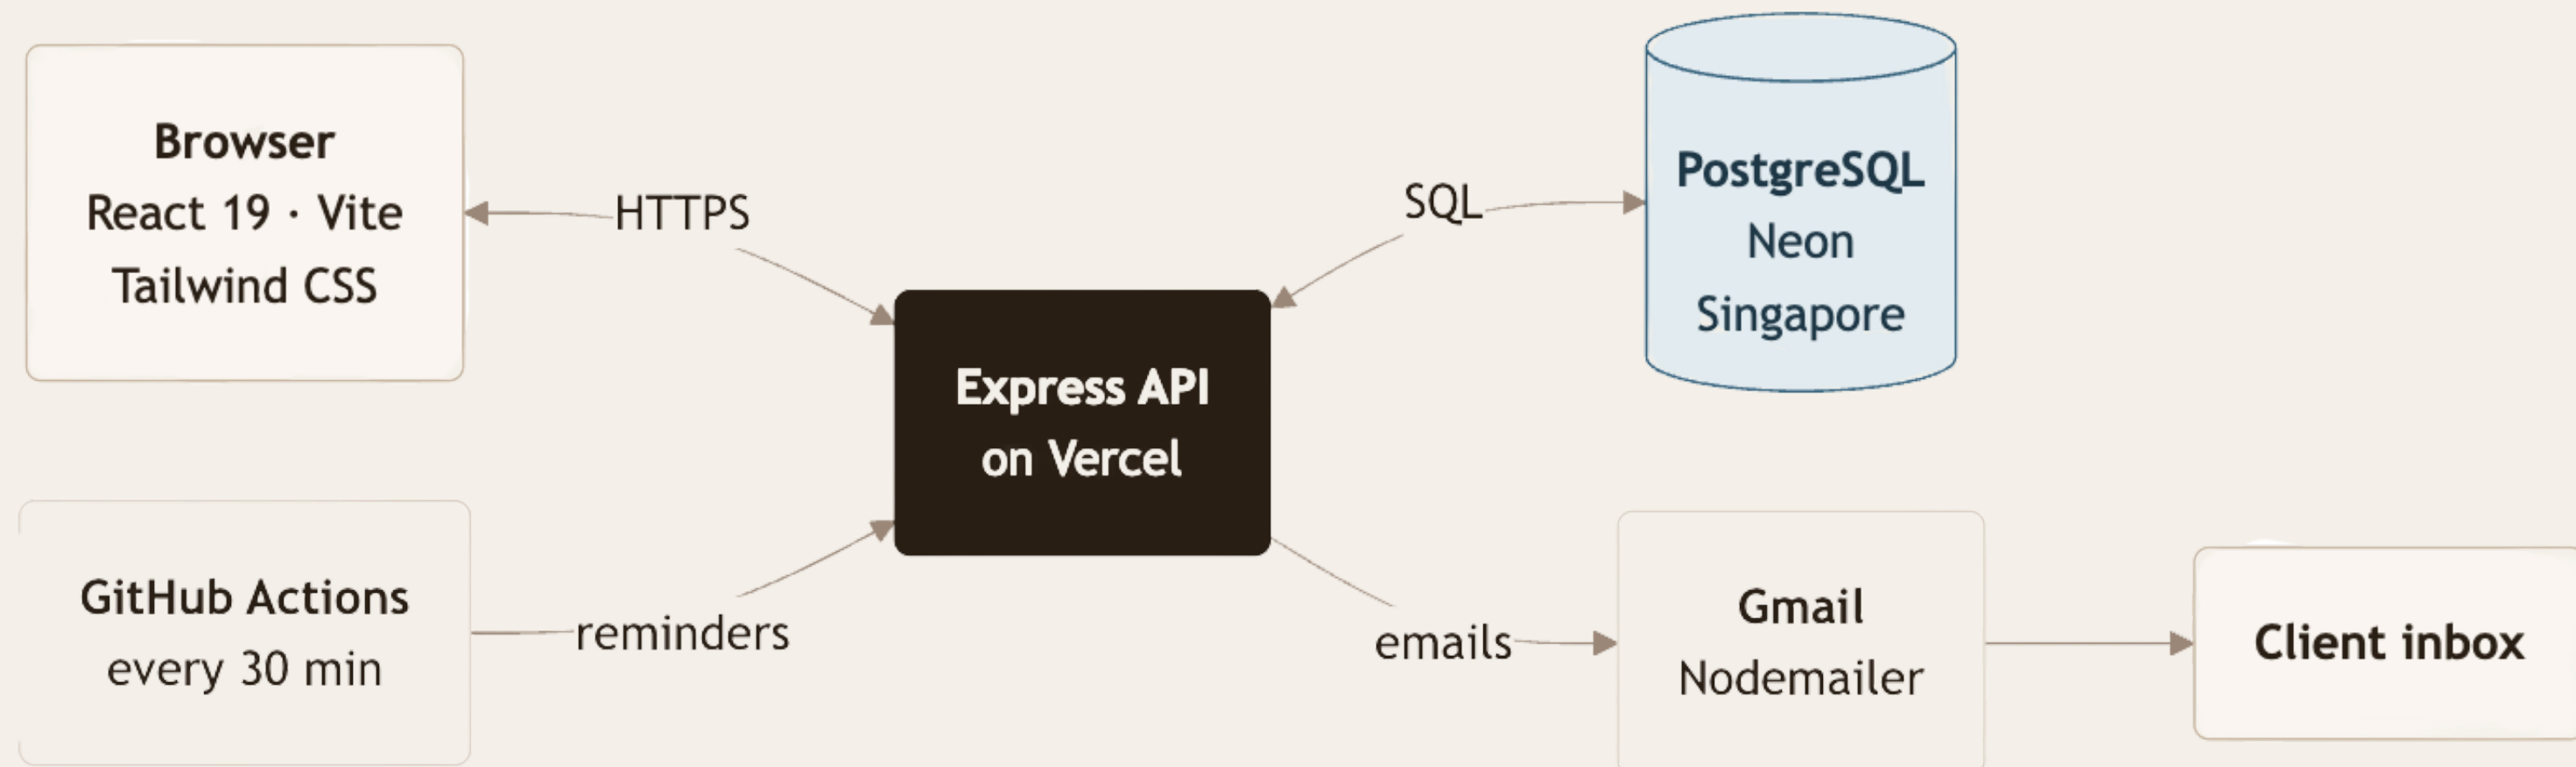

Admin Features

- One-click receipt verification
- Drag-and-drop calendar
- Auto-emails

HOW IT FITS TOGETHER

Architecture

PROCESS

Building with AI

AI HELPED

- Boilerplate setup

I FIXED

- One-click receipt verification
- Mobile layouts
- React state bugs

CORE API

Written manually by me

WRAP-UP

What I Learned & Next Steps

LEARNED

- Timezones
- Preventing double-booking
- Serverless

NEXT

- Online payments
- Waitlist
- App Store and Google Play

Thank you.
